September 2014

Deadline for
material:
1st of April 2014

These 2 books unveil the masterpieces of nature, the amazing characteristics of the animal world and impressive constructions that can be found around the globe.

Among other things, the children will discover the highest mountains, the most inhospitable regions and the most extraordinary waterfalls, as well as the fastest animals, those that master the art of camouflage best, those that live in immense groups, and even the craziest castles, the most beautiful fortified towns and the giants of the air and the sea! Mind-blowing photos and succinct information to take their breath away!

coated paper 150 gsm.

Cover:
4/0 + glossy lamination
1/0 on white coated
paper 128 gsm.

Binding:
casebound - sewn -
3 mm. cases

Two titles in this new collection destined for the 5 to 8 age group!

For young children, their body is quite a complicated "machine." The HUMAN BODY title will help them discover it and answer their many questions.

Adopting an animal is often a dream, but there are things to know about these animals if young children want to adopt one, or even if they are simply interested in them. MY PETS will help them discover these animals that keep us company.

Thanks to short and captivating texts together with entertaining photos and illustrations, these first 2 titles are ideal for an initial approach to these two engaging themes.

Notes

A new collection of 4 very nicely illustrated books with our famous Victor, now renowned around the world.

Containing entertaining and captivating short stories destined for the little ones from 2 to 6 years, these 4 books are also educational: A fun way to improve their vocabulary, sense of observation and reading skills.

On the first 2 pages, children see illustrations of animals that appear in the title.

After reading, children then try to recognize them, and to discover where in the book they can be found. The answers are given on the last 2 pages of the book.

Good to start learning, focusing and reading, while having a lot of fun.

Educational
books

Smart Kids Series - Multiplication and Division Tables / Reading and

Collection Petits Malins - Cahier d'exercices - Les tables de multiplication

3 titles
of 24 pages

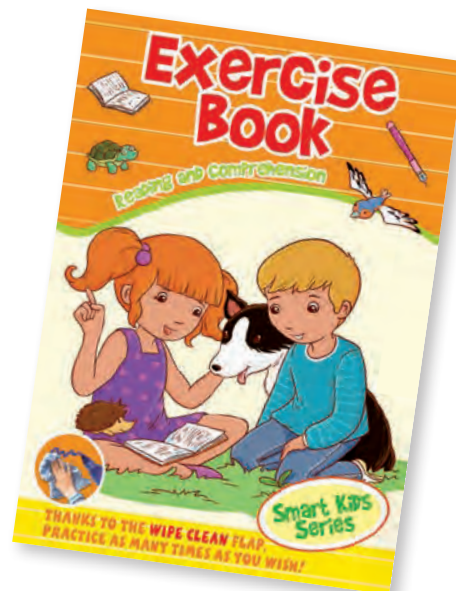

Trimmed size:
210 x 297 mm.

Extent:
24 pages + 6 pages cover

Inside pages:
4/4 on white wood free
offset paper 120 gsm.

Cover:
4/4 + glossy lamination 1/1
on art board 260 gsm.

Binding:
wire-stitched

A collection of 3 titles, each of them with a very specific educational focus. The varied and enjoyable exercises in the "Multiplication & Division" title will help the children master calculations while enjoying themselves. To improve the learning process, the level of difficulty increases progressively. With 5 charming short stories followed by related questions, the "Reading & Comprehension" title teaches children, in a fun way, to read fluently and above all to understand what they read. The "Weights & Measures" title will help children master the notions of weights and measures, distance, speed and will also familiarise them with the calendar, hours and minutes, temperature and currency... A wipe clean flap to allow practice at will!

Notes

Exercise Book

Comprehension / Weights and Measures

et de division / Lecture et compréhension / Les poids et les mesures [ref. S0168]

With a wipe clean flap to practice!

Currency

It's time to think of what you have in your purse...

Be careful! Don't forget that...

Play with the least number of coins as possible. Use the flap to help you. For example:

1.70 Euros = 1€ + 50c + 20c

75 Cents =

1.25 Euros =

13 Euros =

0.50 Euros =

4.36 Euros =

The thermometer

The temperature (or how hot or cold it is) is measured in degrees Celsius 'C'.

Example: In Africa it is often over 30°C. What about in the North Pole? It is often minus 40°C (or -40° below zero). There is snow and ice everywhere. All year round! Would you like to live there?

Note: Above 0°C it always gets warmer and below 0°C it gets colder.

Read the questions and complete the following table by placing a cross in the correct square.

| | -8°C | 0°C | +8°C | +25°C |
|---|------|-----|------|-------|
| It's summer. It's very hot. | | | | |
| In the freezer, it's... | | | | |
| My snowman is fresh. If the temperature goes a little bit, he will start melting. | | | | |
| Today, it is sunny, warm and sleazy. | | | | |
| It is about... | | | | |

Carefully colour in and the temperatures indicated next to each thermometer.

35°C, 0°C, -20°C

The 9 times table

Complete the calculations, using the wipe-clean flap to help you.

| | |
|--------------|--------------|
| 4 x 9 = ... | 90 ÷ 9 = ... |
| 6 x 9 = ... | 9 ÷ 9 = ... |
| 10 x 9 = ... | 63 ÷ 9 = ... |
| 0 x 9 = ... | 81 ÷ 9 = ... |
| 1 x 9 = ... | 45 ÷ 9 = ... |
| 3 x 9 = ... | 18 ÷ 9 = ... |
| 7 x 9 = ... | 54 ÷ 9 = ... |
| 5 x 9 = ... | 27 ÷ 9 = ... |
| 9 x 9 = ... | 72 ÷ 9 = ... |
| 2 x 9 = ... | 0 ÷ 9 = ... |
| 8 x 9 = ... | 36 ÷ 9 = ... |

Colour in the skittles that are in the 9 times table.

Solve the calculations found in the meteorites on the wipe-clean flap. Then join the spaceship bearing the correct sum to the meteorite it is going to approach.

Which rider cannot find his horse? Join each horse to his rider to finish.

Tommy is playing mini golf. Colour in the flags that are in the 9 times table. To make it easier, first write the 9 times table on the wipe-clean flap.

Find the gymnast who has won the competition. It's the one who obtained the score of 81. Circle her.

The best footballer is the one bearing the number 72. Whistle if you know him. On the other hand, the player bearing the number 45 has been disqualified. Cross him out.

A unique and fun concept: Learning to read while playing with stickers!

In each text, the words in bold tell you what is missing from the drawing. So the children need to look for the correct stickers and stick them in the right places so that the illustration perfectly matches the text. A good comprehension exercise and fun challenge for all young readers! Reusable stickers to allow many practice sessions!
